**NEW
SERVICES**

KLEEN-TECH isn't just your facilities management partner, we're the eliminator of all your *hassles*

We have expanded our services of EXCELLENCE to fit your evolving needs and provide a hassle-free environment. Our TRUE PARTNERSHIP allows you to choose the specific services and frequency for your facility at our low, cost-efficient price. KLEEN-TECH's *New Services* include but are not limited to:

◆ Parking Lot Striping

What's the first and last thing customers, clients, and visitors notice when entering and exiting a facility? *The parking lot.* Customers want parking lots that allow them to enter, park, and exit clearly, quickly and safely. That is why KLEEN-TECH uses quality materials, the latest equipment and parking lot strippers who are equipped to provide specialized markings that make your visitors incoming and outgoing experience hassle-free. KLEEN-TECH ensures your visitors leave with a welcoming first and last impression.

◆ Power Washing

Power washing is essential in keeping your facilities looking fresh and sleek. KLEEN-TECH offers low and high pressure, hot and cold water and chemical applications. Our cleaning process restores brick, stone, and concrete—making your facilities appear brand new. We also wash out parking lots, entrances, walkways, and more.

◆ Construction Cleanup

Construction is heavy and intense work so leave the cleanup to us! KLEEN-TECH's post-construction cleanup services allow tenants minimal to no interruption when relocating offices and cubicles. KLEEN-TECH will remove all debris and return the area to the professional working environment you created while preserving the safety and cleanliness of the job-site.

◆ Lawn and Grounds Maintenance

Your lawn and grounds reflect the building quality of your business. KLEEN-TECH will ensure your outside area is mowed, trimmed, and edged at all times. We provide tree transplanting, flower planting and weed removal to enhance the richness and brilliance of your location. In addition, KLEEN-TECH provides debris removal, irrigation start up and shut down, pruning and fertilization.

◆ Window Cleaning

Let the sunshine in! KLEEN-TECH's process cleans your window, leaving them exceptionally clear, clean and protected. Our exclusive procedure provides an invisible shield that helps your windows stay clearer longer than standard cleansing. KLEEN-TECH's professional service offers comprehensive glass restoration for windows, including the removal of rain spots, sprinkler over-spray deposits, screen stains and salt spots.

We value the environment and proudly accept our role in protecting it, which is why Kleen-Tech uses Green Cleaning Technology.

Call **888-778-2686** for your free quote to design a customized program to **ELIMINATE** all your *hassles* of facility management.
